TERRAINS

Stages 1 and 2: Orienteered in the fast-running kettle-hole (suppa) terrain of Hämäläisenkangas. This terrain was used for the 2025 Finnish Long Distance (Ultra-Long) Championships. In addition, the map covers approximately 1 km² of terrain that was not used in the Finnish Championships.

Stage 3: Sprint orienteering in Lappeenranta city center. The terrain consists almost entirely of apartment building blocks. The race also serves as the pre-competition (test event) for the 2028 Finnish Sprint Championships.

Stages 4 and 5: Orienteered in the Haukkulaakso kettle-hole (suppa) terrain in the village of Solkei. The terrain previously hosted the Finnish Middle Distance Championships R1 in 2007 and R2 in 2014. The competition terrain used now is more than twice the size of the area used in the previous Finnish Championships. A completely new map has been made of the terrain for these competitions.
